

## **Macedonia**

- 1-2 mangoes, diced
- 1 pint strawberries, sliced
- 2 nectarines, diced
- 2 oranges, peeled, seeded, segmented, diced, juice retained
- 4 clementines, peeled, seeded, segmented, diced, juice retained
- 1/3 c walnut pieces (optional - for an interesting texture and flavour)

In a medium-sized bowl combine all ingredients, including any juice you can squeeze out of the citrus pith.

The macedonia should be placed in the refrigerator for about an hour to macerate before serving.
